

CANDIDATES FOR SCOUTSHIP BUSY

More Than 100 Youngsters Work Hard to Pass Test; Adult Leaders Meet.

More than 100 prospective boy scouts are working day and night in order to pass the first degree, to qualify as guides for the Soil Products exposition.

Ten Districts Planned. At the business session preceding the regular examination period, it was announced that there would be no more tests until the various troops were organized and located in their respective districts. There will be ten districts, when the work is fully organized.

Tonight at 7 o'clock all scouts and adult leaders will meet at the Y. M. C. A. The service begins for the examination.

Of Course You Want Beauty

Stuart's Calcium Waters Will Make Your Skin as Clear and Delicate As the Petals of a Lily.

Send Today for Free Trial Package. Pimples, blackheads, acne, rough, chapped skin, muddy complexion, sallowness, all disappear rapidly when you use Stuart's Calcium Waters. You

won't again smear your delicate skin with grease, ointment, lotion and talcum, that clog the pores, make hair grow and rob you of your beauty. A fair, delicate, rose-tint complexion comes only from your blood and with the remarkable influence of Calcium sulphide your skin fairly reveals its freedom. Pimples dry up and flake off. A beautiful new skin forms and retains its freshness. But it is wonderful. Get a 50-cent box of Stuart's Calcium Waters of any drugist. They are sweetish, safe, harmless and only use effective. You can try them free by sending the coupon below.

DELAY HANGING OF COLORADOAN

Slayer of Sheriff Will Live While the State Supreme Court Reviews Evidence.

Denver, Colo., Oct. 12.—A stay of execution was granted today by the supreme court of Colorado in the case of Clyde P. Pearson, sentenced to be hanged at the Canon City penitentiary the week beginning next Sunday, October 15, for the murder May 1, last, of Sheriff Roach, of Cheyenne, Wyo. Roach was killed near Fort Collins, Colo., in a pistol duel with Pearson and a companion.

A date for reviewing the evidence of the lower court has not been set by the higher tribunal. The bill of exceptions to the decision of the lower court, filed by attorneys for Pearson, alleges numerous errors in the trial of Pearson.

Self Defence Was Plea. Sheriff Roach had traced Pearson and a partner, whom he was trying to arrest on a charge of horse stealing, from a Wyoming ranch where they alleged they took place to a mountain resort northwest of Fort Collins, Pearson betrayed little interest when sentenced, only reaffirming that he had killed Roach in defence of his own life.

Thin People Can Increase Weight
Thin men and women who would like to increase their weight with 14 or 15 pounds of healthy "stay there" fat should try eating a little Sargol with their meals for a while and note results. Here is a good test worth trying. First weigh yourself and measure yourself. Then take Sargol—one tablet with every meal—for two weeks. Then weigh and measure again. It isn't a question of how you look or feel or what your friends say and think. The scales and the tape measure will tell their own story, and many thin men and women we believe can easily add from five to eight pounds in the first fourteen days by following this simple direction. And best of all, the new flesh stays put.

Many El Pasoans Like It; Man from Juarez Has a Streak of Hard Luck.

"Bill," as he is known, had refused to give his other name, will tell you, if you ask him, that Friday, the 12th, is beyond question the most unlucky day in the year. He knows, because ill luck has befallen him in a veritable shower today.

How'd you like to wallow in the mire of Juarez, rain a perfectly good suit of clothes, be taken from a car by customs officials at the bridge, permitted to come back to "the states" only to be arrested on this side because you could not satisfactorily explain what you were doing with more tobacco than the law allows one to bring from Mexico?

The Streak Begins. All this happened to "Bill." He ran from the customs house in Juarez to catch a car. Not watching his step, he sprang into a slops pail, that would do credit to an unskilled pigsty. Then he had luck, commenced to shower upon "Bill" without end. After he got on the car he discovered he had dropped all of his money, probably in his fall. A kindly passenger paid his fare, but when he reached the bridge, immigration authorities took him from the car. When he was finally permitted to cross it was found that he had a quantity of cigars and cigarettes stored about his person. His arrest followed.

The jail was not yet filled in on him, but there is hope as long as Friday, the 12th lasts.

Zabriske Likes It. Police chief R. J. Zabriske, if Friday is a day of ill omen, it failed to strike me in that way. I have always considered Friday as a day of good luck. In fact, much of my good luck has come on Friday, the 12th.

Says He Is Lucky. Sergeant J. C. Miller—it was bad luck because my right eye, which is sore, did not hurt me until this morning. I jabbed my finger in it accidentally and it has been going ever since.

County Jailor "Buck" Elliott. Friday, the 12th, is my lucky day; don't try to scare up any bad luck.

Walter Williams. Put me down as a lucky day, and hurrah for Friday. I sold a Mexican burro today for a \$1 profit, although he was worth every cent of it, and more. Friday for mine.

Frank Scotten. About an even thing with me, although Friday fell on the day that I had to superintend the cleaning of the county jail, which at times is considerable of a job.

Promoted marshal Carl C. McEl. Don't believe in it, but I don't think I will have bad luck.

W. P. Reid. Hard luck! I had to have my finger towed all over the business district by the patrol wagon before I could start it, after getting muddled.

Hannaford Has One. E. K. Hannaford, director of the Soil Products exposition, had a stroke of hard luck when he attempted to purchase a duck for his Sunday dinner. Mr. Hannaford is very fond of duck, and therefore was much displeased when the butcher told him no ducks were obtainable in the city.

"Because," said the butcher, "they've purchased all the ducks in town for the duck exposition at this Soil Products exposition."

William H. Taft is now 166 pounds lighter than when he was president of the United States.

Thin People Can Increase Weight

Thin men and women who would like to increase their weight with 14 or 15 pounds of healthy "stay there" fat should try eating a little Sargol with their meals for a while and note results. Here is a good test worth trying. First weigh yourself and measure yourself. Then take Sargol—one tablet with every meal—for two weeks. Then weigh and measure again. It isn't a question of how you look or feel or what your friends say and think. The scales and the tape measure will tell their own story, and many thin men and women we believe can easily add from five to eight pounds in the first fourteen days by following this simple direction. And best of all, the new flesh stays put.

Sargol does not itself make fat, but assists with your food, it gives to your body the following strength-giving material of what you have eaten. Into rich, ripe fat, possessing nourishment in an easily assimilated form which the blood can readily convert into energy. Sargol works to stop the waste and it quickly and to make the body during the course of the very same meal you are eating new develop pounds and pounds of healthy flesh, between your skin and bones. Sargol is safe, pleasant, efficient and inexpensive. A. E. Ryan and other leading druggists in this vicinity sell it in large boxes—forty tablets to a package—on a guarantee of weight increase or money back as found in each large box.—Advertisement.

A FINE TREATMENT FOR CATARRH

EASY TO MAKE AND COSTS LITTLE
Catarrh is such a common disease and has become so prevalent during the past few years that its treatment should be understood by all. Science has fully proved that Catarrh is a constitutional disease and therefore requires a constitutional treatment. Sprays, salvers and nose douches seldom if ever give lasting benefit and often drive the disease further down the air passages and into the lungs.

If you have Catarrh or Catarrhal deafness or head-noises, go to your druggist and get one ounce of Parant (Double strength). Take this home and add to it 4 pint of hot water and 1 ounce of granulated sugar. Stir until dissolved, take one tablespoonful 4 times a day.

This will often bring quick relief from the distressing head-noises, clogged nostrils should open, breathing become easy and mucus stop dropping into the throat.

This treatment has a slight tonic action which makes it especially effective in cases where the blood has become thin and weak. It is easy to make, tastes pleasant and costs little. Every person who wishes to be free from this destructive disease should give this treatment a trial.—Advertisement.
